

ment to protect the Spaniards living in the Philippines from the insurgents during the continuance of the trouble now in force. General Otis was instructed to use his influence with the insurgent leaders to cause them to stop active hostilities for the time. Touching the departure from Manila of insurgent parties on ships to carry the revolution among the other islands of the group it is learned that no such expeditions have been sent out since the signing of the protocol and the incident which formed the basis of the Spanish representations on the subject happened some time ago when it was warranted.

DEFINITELY ACCEPTS PROTOCOL.

Madrid Ministers Decide to Abide by the Agreement.

MADRID, Sept. 12.—The senate at today's session definitely adopted the Hispano-American protocol.

General Polavieja, former governor of Cuba and the Philippines, in the manifesto declaring his readiness to place himself at the head of a neutral party in Spanish politics, denounces the "evil existing in the present political system," and declares that "every department needs cleansing."

His program, therefore, begins with a "drastic purging of the administration" and then advocates "reform in taxation," and "purification of the electoral system." After pledging his "unwavering loyalty to the throne," General Polavieja says: "Spain must shape her future career in accordance with her reduced sphere of sovereignty, without losing her aspirations for the future."

Above all things, full fight is required. The Spanish people must no longer be deluded by misrepresentations as to the country's strength."

In conclusion, he repudiates the charge that he is aiming at dictatorship and appeals to all Spaniards not to be silent spectators of the ruin of our country, "but to concentrate forces and place men in power."

TUMULT IN THE MADRID CORTES.

Count d'Almoneda Names Generals Who Should Be Disgraced.

MADRID, Sept. 12.—The session of the senate today was stormy. Count d'Almoneda, challenged to give the names of the generals who he recently said ought to be disgraced, said:

"Very well, as you wish it, I will. The generals to whom I referred are General Weyler, General Blanco and General Primo de Rivera. I will also include in the same category Admiral Cervera."

This announcement led to an extraordinary scene of tumult.

CONSPIRATORS WARN GOVERNOR.

Public Officials of Barbadoes Are Promised Assassination.

KINGSTON, Jamaica, Sept. 12.—According to advices received here from the Barbadoes since the death of Mr. Pilo, speaker of the assembly, on September 2, from the effects of the recent attempt to assassinate him, the governor and five public officials have been anonymously warned that a similar fate has been decreed for them as a "reward for their oppression."

The worst feature of the Pilo tragedy is that the government refused to give information regarding the conspirators fails to induce their betrayal.

FEARFUL SIGHTS SEEN AT CANDIA.

Times Correspondent Says 600 Persons Were Massacred in Uprising.

LONDON, Sept. 12.—The correspondent of the Times at Candia, Crete, who has just landed after five days in the roadstead, says:

"About 600 men, women and children were either burned alive or massacred in the outbreak last week. The Turkish troops are now patrolling the streets, and the ruins of the burned quarters of the town are visible everywhere. Such bodies of the slain as were not burned were removed yesterday in carts and buried outside the town limits."

EVIDENCES OF HORRIBLE MURDER.

BRIDGEPORT, Sept. 12.—Two packages containing portions of a woman's body were found today in Mud Flats, an arm of Yellow Mill pond. In the packages were the head, a woman cut from the body near the ear and the lower limbs, which had been separated from the body, unjoined and cut in two at the knees, then tied together and wrapped in a piece of glazed paper. The head of the woman was battered and jammed on one side and had a cloth tied over the mouth.

WINCHESTER, Va., Sept. 12.—A buggy, in which were Miss Alice Dellinger, her sister, Miss Alice Dellinger, and George Slater, was struck by a freight train last night and the two young women were instantly killed. Sister was badly injured.

MOVING FROM CAMP WIKOFF.

General Miles Orders All the Soldiers Now There to Other Points.

LATEST MOVE CAUSES SOME SURPRISE.

Last Previous Order Was from Secretary Alger Retaining Seven Thousand Men at the Long Island Camp.

NEW YORK, Sept. 12.—A dispatch to the Press from Camp Wikoff says: Under peremptory orders from General Miles preparations are being made to break up this camp at once by sending home all the soldiers here. This is entirely contrary to what has been the understanding of the officers in command. General Shafter said last week that 5,000 or 7,000 men would be kept here, at least until October, and this was supposed to have been the order of Secretary Alger. An officer said today that when General Miles' order came a telegram was sent him saying that his order was contrary to that of Secretary Alger, and Miles replied:

"Never mind what Alger says, I am in command now."

That, of course, settled it, so far as the officers here are concerned, and unless General Miles' orders are countermanded next week will see the practical end of Camp Wikoff.

General Bates said: "My orders are to send the troops away as fast as transportation can be arranged." When asked if these orders did not conflict with those of Secretary Alger, he simply said: "They are new orders."

In pursuance of this plan the detention hospital is being abandoned. All the men in this hospital to travel are being sent to New York on the Shenecock, and the others are being taken to the general hospital. The general hospital is being cleared out as fast as possible, but there are 200 or 300 cases that cannot be moved without danger. Strong frame buildings are now being erected for the use of these patients. These buildings will be finished in two or three days, and the worst cases will be moved into them. Nearly all of these are about thirty men, and the hospital is being cleared out as fast as possible.
